### THE DALLAS ORGANIZATION IS AGAINST KU KLUX KLAN

General Crane and Former Governor Colquitt Get Together in the Organization—Speeches Made and Committees Appointed.

(By Associated Press)

Dallas, Texas, April 5.—Dallas today had a new organization as the outgrowth of recent floggings here in the Dallas County Citizens League, the avowed purpose is to oppose Ku Klux Klan in Dallas county. The permanent committee headed by Colonel M. M. Crane. He took up the first day for executive work. The committee includes Former Governor Oscar B. Colquitt, Dr. J. B. Cranfill, G. H. Irish, A. O. Anderson, J. K. Hexter, Dan F. Sullivan, Ben Chilton and C. M. Smithdeal. Five thousand citizens of Dallas, in mass meeting at the city hall last night, organized the Dallas County Citizens' League to oppose the Ku Klux Klan in Dallas County, and chose a permanent committee of nine members, under the chairmanship of M. M. Crane, to carry on the executive work of the league.

The crowd filled every bit of the standing room in the city hall auditorium, 2,000 persons being outside the building, and overflowed to Harwood street, in front, where 3,000 more, unable to obtain entrance to the building stood and cheered tumultuously while speakers bitterly denounced the Ku Klux Klan and pledged their support in the movement to stamp it out and maintain the supremacy of the constitution.

#### Several Addresses Made.

After addresses by Mr. Crane former Governor Colquitt, Judge James P. Haven, Judge W. L. Crawford, W. W. Nelms, Harry L. Seay, Oscar Callaway, Dr. Cranfill and Judge Smithdeal the mass meeting adopted resolutions declaring that "no member of the Ku Klux Klan should be permitted to hold any office in our state and we pledge the people of Texas that we will not encourage or vote for any candidate for office who belongs to the Ku Klux Klan, who sympathizes with it, or who has apologies to offer for this organization or its acts."

The meeting was opened by Judge C. M. Smithdeal, who introduced General M. M. Crane, as the first speaker. Following the invocation, General Crane launched at once into his address. "The question before us and responsible for the call for the meeting is whether in Dallas and Dallas county we shall have a government of mob," he said. "Our committee and the others who have joined with us in calling this meeting believe that we owe the condition that exists to the Ku Klux Klan in the state of Texas. I am a Southerner, born and reared in the South, and familiar with the conditions and traditions of the South, and I unhesitatingly say there is no excuse for any such society now. If has in its membership some of the best citizens in the state. Some of my best friends are in it. But we want to convince those that they should come out of the ranks of the organization and uphold the dignity of that flag."

### KNIGHTS OF PYTHIAS "GOOD OF THE ORDER MEETING" WAS HELD

According to invitations issued by Chancellor Commander Oak McKenzie and Keeper of Record and Seal C. S. Beckwith, nearly one hundred members of Brazos Lodge Knights of Pythias assembled at Castle Hall Tuesday evening to participate in a "Good of the Order Meeting." A great time was recorded. Long before the meeting was assembled by the gavel crowds gathered in the reception and reading room and engaged spirited games and fraternal conversation. Chancellor Commander McKenzie called Judge J. T. Maloney to extend welcome to the Knights who were not frequent attendants on the regular meetings and Knight S. W. Buchanan to respond. This seemed an interesting phase of the meeting and many terming themselves "backsliding in Pythianism" declared they would do better in attending the meetings. Among those following Mr. Buchanan were Messrs P. S. Park, Jesse Conlee, John B. Beers, M. L. Hayes of College, R. A. Harrison and others.

Col. George E. Hadley was introduced and made the principal address of the evening setting forth the principles, faith and tenets of the Pythias order in a clear, concise and earnest manner. Mr. Hadley was complimented on his address. Other speakers called were: Dr. John A. Held, Rev. H. C. Willis and Lee J. Rountree. After the refreshments which had been prepared by the committee and were delicious and appreciated, M. M. Erskine, Geo. A. Adams, R. M. Walker, C. S. Beckwith, Tom Suber, Jno. A. Moore, Jr., Guy F. Boyett, Lonnie Locke, W. W. Chambers and others spoke words of fraternal greeting. The talks were followed by an appreciated reading by J. F. Casey, of College. It was indeed a splendid occasion and many of the "older members" who had not been present for a long time declared it was one of the greatest fraternal meetings ever held in Bryan.

The lodge "stood at ease" and Secretary Sam E. Eberstadt, of the Bryan Building & Loan Association, was invited to explain the sale of Series No. 3 of \$250,000 Bryan Building and Loan Association stock on Thursday, April 6. Mr. Eberstadt made a good speech and was roundly applauded. He had just come from the Queen Theatre where he had made the statement of the good work in homebuilding in Bryan.

The following Knight of Pythias were present at the great good of the order meeting: Oak McKenzie, M. M. Erskine, C. W. Crawford, J. F. Casey, Martin L. Hayes, A. D. Graham, Joe B. Reed, J. M. Bullock, Jr., C. C. Vick, W. O. Sanders, C. W. Carson, Bill Wimberly, W. N. Roper, Jno. A. Moore, Jr., C. B. Spencer, R. J. Meitzen, D. S. Buchanan, T. H. Halton, J. W. Garrett, R. F. Orth, J. F. Griffin, T. P. Boyett, Jr., J. E. Lawrence, Emmett Trant, H. F. Spreen, R. Albert Goodman, Jess B. McGee, R. C. Franks, Geo. A. Adams, J. Coulter Smith, Jno. B. Beers, V. B. Edge, O. O. Henderson, R. H. Carroll, Jeff M. Cole, Joe J. Canolf, J. H. Conway, Wm. E. Johnson, Jr., Jess E. Conlee, Lee J. Rountree, S. W. Buchanan, Phin P. Cooper, J. M. Darwin, J. R. Fain, J. Z. Remsey, J. M. Saladin, S. M. Barr, G. C. White, T. P. Gilmore, Forrest Jones, Homer Buel, L. B. Locke, Jas. Darwin, C. W. Carroll, R. A. Harrison, Carl Wiprecht, Cecil R. Estill, Tom G. Suber, M. P. Elliott, C. S. Martin, Jack T. Johnson, John A. Held, E. B. Elliott, Geo. E. Hadley, Guy F. Boyett, A. S. McSwain, Chas. G. Wetter, J. T. Maloney, P. S. Park, W. J. Mills, F. G. Taylor, Jno. M. Caldwell, Jno. S. Caldwell, R. M. Walker, C. S. Beckwith, Henry Locke, M. E. Wallace, O. J. Parks, N. A. Stewart, Wm. Griffin, Milton Winter, H. C. Willis, Sgt. Chas. B. Jones and C. H. Chambers.

#### MR. HAYS TO RED RIVER

M. E. Hays of the Extension Service, A. M. College, will meet with the potato growers of Red River County at the Chamber of Commerce next Monday afternoon and deliver a lecture on the potato industry and the marketing of the product under the potato exchange system, such as is being organized in the state at present. Mr. Hays is a potato expert and will present some new ideas on the subject. Potato growers are urged to hear him.—Clarksville Times.

#### MRS. WIGNALL IS HERE

Mrs. C. L. Wignall, president of the Port Arthur Reading Club arrived in Bryan today to attend the Fourth District Woman's Clubs meetings at College this week. She is the guest of her mother, Mrs. P. M. Rayson of this city.

Mrs. Wm. Wimberly is doing very well since she underwent a successful operation at the Bryan hospital. Mr. E. H. Astin is in the Brazos Bottom today looking over the flood situation.

If Secretary S. E. Eberstadt doesn't put over the third series in the Bryan Building and Loan Association of \$250,000 it won't be his fault or that he has not been right on the job. He has been to College where he has explained it to the people out there and on Monday explained it in Bryan to 34 and on Tuesday to 46 and has been hard at it all day today. He made a talk Monday and Tuesday night at the Queen theatre and Tuesday night before a hundred at the Knights of Pythias meeting and will talk again tonight at the Queen. He is doing this advance work explaining the Building and Loan Association and tomorrow (Thursday) will sell stock and says he is going to sell \$250,000 in one day "which we claim will be going some". Go to it Sam the Eagle is with you and we are expecting you to announce Friday that the sale of \$250,000 stock in the great home building organization was accomplished. Bryan needs a hundred homes and the Building and Loan Association is on the right road.

### CO. ASSESSOR DARWIN GETS INSTRUCTIONS

The question of whether women must pay their poll taxes or their husbands should pay them for them, is discussed in a pamphlet sent out by State Comptroller Lon A. Smith to County Tax Assessor Jim Darwin and tax assessors throughout Texas. Many sides of the poll tax question are taken up. (1) The husband must not be justified in refusing to swear to his rendition of community property for taxes because the tax assessor has placed thereon the assessment of a poll tax against the wife. (2) It would not be improper for the husband to render community property without his or his wife's poll tax being listed thereon and for the assessor to enter thereon the poll tax against both husband and wife, or either, if they or either of them are subject to payment of poll taxes. (3) Duty of assessor is to ascertain facts determining those subject to poll tax payment and then assess against them. (4) The provision of the statutes regarding assessments does not apply to poll taxes. The payment of poll taxes at the time a citizen pays his other taxes being only a matter of convenience. (5) It is legal however, for the assessor to assess a poll tax against both husband and wife on the same inventory as community property taxes. (6) The poll tax so assessed against each (the husband and wife) or either of them, constituting a lien in favor of the state and county against such property, except the homestead, to secure payment of such taxes. (7) There is no law in this state and no ruling of the comptroller that requires any person to make oath to the rendition or the assessment of his or her poll tax as such. (8) Each person is required to swear to his or her property rendition for taxes but there is no statute requiring that the rendition or assessment of a poll tax, as such, be sworn to. (9) The husband is not justified in refusing to swear to rendition of his community property merely because the tax assessor had placed thereon the assessment of a poll tax against his wife. If the wife is not subject to a poll tax the husband can have her poll tax eliminated. (10) The tax assessor can permit the husband to render his community property without the poll tax of the wife being listed upon the inventory of his property and the assessor can thereafter list the wife's poll tax on the husband's inventory. Such procedure would not invalidate either the property or the assessment of the wife's poll tax. (11) It would be improper for the husband to swear rendition of his community property without either his or his wife's poll tax being listed thereon and for the assessor to poll tax both husband and wife, or either of them. (12) It is the duty of the assessor to see in person each inhabitant, either himself or by deputy and determine if such person should be taxed. He must get his information on taxing of persons from reliable sources. (13) In such case the poll tax should be so assessed irrespective of whether such person has ever voted, or cares to vote, or is even entitled to vote. The poll tax is levied upon both men and women and that one's liability for the payment of same is entirely aside and irrespective of the right or desire to vote. (These opinions were handed down by Attorney General Keeling's office.)

#### NEW A. & M. DIRECTOR

Austin, Texas, April 5.—Governor Neff today appointed Walter L. Booth of Sweetwater, farmer and stockman as a member of the board of directors of the Agricultural and Mechanical College to fill the vacancy caused by the resignation of Judge J. M. Wagstaff of Abilene.

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning and in the absence of President W. H. Cole, who was ill, and the vice-president upon motion of Lee J. Rountree former President Tyler Haswell was called to the chair. Secretary S. E. Eberstadt was at the desk. Present were: Tyler Haswell, J. N. Dulaney, Major L. L. McInnis, A. M. Waldrop, M. L. Parker, E. E. McAdams, T. K. Lawrence, M. E. Wallace, Secretary S. E. Eberstadt, J. M. Gordon, D. L. Wilson, County Agent C. L. Beason, Lee J. Rountree, George J. Nedbalek and J. D. Martin.

Manager George J. Nedbalek of the Bryan Junior Band made a statement regarding the band for the coming year and the matter was referred to the committee Oak McKenzie, M. E. Wallace and E. J. Jenkins to report at the meeting of the board next Tuesday.

Secretary Eberstadt reported A. B. Ewing as a new member of the Chamber of Commerce.

Chairman Haswell called on Lee J. Rountree to make a statement regarding the recent meeting of the special insurance agents recently held in Bryan. The matter was discussed by Major L. L. McInnis, A. M. Waldrop, J. M. Gordon, Mayor Tyler Haswell, Manager E. E. McAdams and others.

Secretary Eberstadt read the following letter of appreciation: "Dear Mr. Eberstadt. Dr. Rayson and I wish to express our thanks and appreciation for the action taken by the Chamber of Commerce on March 28, in regard to our son. Sincerely, MRS. P. M. RAYSON."

#### Meeting Held in Rain Storm.

At 10 o'clock when the time came for the regular meeting of the board a heavy rainstorm was prevailing. There were only six members present. But the six members present urged the secretary to use the telephone and in a few minutes six more members arrived in the rain and a good meeting was held. The slogan was: "We must not miss a regular meeting of the board." This is good work.

#### NOTICE. CLUB WOMEN

#### MR. HAYS TO RED RIVER

M. E. Hays of the Extension Service, A. M. College, will meet with the potato growers of Red River County at the Chamber of Commerce next Monday afternoon and deliver a lecture on the potato industry and the marketing of the product under the potato exchange system, such as is being organized in the state at present. Mr. Hays is a potato expert and will present some new ideas on the subject. Potato growers are urged to hear him.—Clarksville Times.

#### MRS. WIGNALL IS HERE

Mrs. C. L. Wignall, president of the Port Arthur Reading Club arrived in Bryan today to attend the Fourth District Women's Clubs meetings at College this week. She is the guest of her mother, Mrs. P. M. Rayson of this city.

Mrs. Wm. Wimberly is doing very well since she underwent a successful operation at the Bryan hospital. Mr. E. H. Astin is in the Brazos Bottom today looking over the flood situation.

If Secretary S. E. Eberstadt doesn't put over the third series in the Bryan Building and Loan Association of \$250,000 it won't be his fault or that he has not been right on the job. He has been to College where he has explained it to the people out there and on Monday explained it in Bryan to 34 and on Tuesday to 46 and has been hard at it all day today. He made a talk Monday and Tuesday night at the Queen theatre and Tuesday night before a hundred at the Knights of Pythias meeting and will talk again tonight at the Queen. He is doing this advance work explaining the Building and Loan Association and tomorrow (Thursday) will sell stock and says he is going to sell \$250,000 in one day "which we claim will be going some". Go to it Sam the Eagle is with you and we are expecting you to announce Friday that the sale of \$250,000 stock in the great home building organization was accomplished. Bryan needs a hundred homes and the Building and Loan Association is on the right road.

### CO. ASSESSOR DARWIN GETS INSTRUCTIONS

The question of whether women must pay their poll taxes or their husbands should pay them for them, is discussed in a pamphlet sent out by State Comptroller Lon A. Smith to County Tax Assessor Jim Darwin and tax assessors throughout Texas. Many sides of the poll tax question are taken up. (1) The husband would not be justified in refusing to swear to his rendition of community property for taxes because the tax assessor has placed thereon the assessment of a poll tax against the wife. (2) It would not be improper for the husband to render community property without his or his wife's poll tax being listed thereon and for the assessor to enter thereon the poll tax against both husband and wife, or either, if they or either of them are subject to payment of poll taxes. (3) Duty of assessor is to ascertain facts determining those subject to poll tax payment and then assess against them. (4) The provision of the statutes regarding assessments does not apply to poll taxes; the payment of poll taxes at the time a citizen pays his other taxes being only a matter of convenience. (5) It is legal however, for the assessor to assess a poll tax against both husband and wife on the same inventory as community property taxes. (6) The poll tax so assessed against each (the husband and wife) or either of them, they being subject thereto would constitute a lien in favor of the state and county against such property, except the homestead, to secure payment of such taxes. (7) There is no law in this state and no ruling of the comptroller that requires any person to make oath to the rendition or the assessment of his or her poll tax as such. (8) Each person is required to swear to his or her property rendition for taxes but there is no statute requiring that the rendition or assessment of a poll tax, as such, be sworn to. (9) The husband is not justified in refusing to swear to rendition of his community property merely because the tax assessor had placed thereon the assessment of a poll tax against his wife. If the wife is not subject to a poll tax the husband can have her poll tax eliminated. (10) The tax assessor can permit the husband to render his community property without the poll tax of the wife being listed upon the inventory of his property and the assessor can thereafter list the wife's poll tax on the husband's inventory. Such procedure would not invalidate either the property or the assessment of the wife's poll tax. (11) It would be improper for the husband to swear rendition of his community property without either his or his wife's poll tax being listed thereon and for the assessor to poll tax both husband and wife, or either of them. (12) It is the duty of the assessor to see in person each inhabitant, either himself or by deputy and determine if such person should be taxed. He must get his information on taxing of persons from reliable sources. (13) In such case the poll tax should be so assessed irrespective of whether such person has ever voted, or cares to vote, or is even entitled to vote. The poll tax is levied upon both men and women and that one's liability for the payment of same is entirely aside and irrespective of the right or desire to vote. (These opinions were handed down by Attorney General Keeling's office.)

#### MRS. W. S. HOWELL CALLS ATTENTION TO BUNDLE WEEK

Mrs. W. S. Howell, women's chairman of the Far East Armenia Relief "bundle week" announces that all citizens of Bryan and of Brazos county are requested to bring any old clothes, shoes or other wearables to the Red Cross office, in the rear of the First National Bank Building. The Bundle Week began Tuesday and regular committees are working collecting old clothing and shoes for the starving Armenians. Public school children are asked to bring their old clothes to their schools and the committees will call for the parcels there. Will you help?

### BRAZOS FLOOD WATERS MAY REACH 1915 STAGE

About 200 Acres of the Mooring Plantation Is Flooded—Heavy Rain Fell Along Little River and San Gabriel River in Williamson and Bell Counties Last Night.

President Jno. M. Lawrence, of the Lawrence Grocery Co., is in receipt of advices from points on the Brazos River that the water is expected to reach the 1915 flood sometime tonight. Reports from the J. S. Mooring plantation is that about 200 acres of land are submerged. Mr. Mooring has 600 acres of cotton which came up Tuesday and it is thought that this land is above the flood waters. Nearly all the planters have secured their stock from the lowlands. It is reported that rains fell in Williamson and Bell counties along the Little River and the San Gabriel that may complicate the flood situation.

#### FLOOD STAGES HAVE BEEN REACHED IN RIVERS.

(By Associated Press) Houston, Texas, April 5.—Flood stages have been reached by practically all rivers in Central East Texas, it was reported by local weather bureau.

#### TRINITY RIVER FLOOD IS NOT DISASTROUS.

Dallas, Texas, April 5.—Crest of the Trinity River flood was reached in Dallas today in the opinion of Dr. Cline, local weather bureau. Several persons were rescued from the lowlands last night. No reports of loss of life. Railroad traffic in some sections of the state were hampered by washouts. No serious delays are reported.

#### SPECIAL REPORT FROM DR. BUNNEMEYER.

(Special to the Bryan Eagle). Houston, Texas, April 5.—Waco 7 o'clock a. m. 29.1 feet and falling crest of 33 feet on yesterday evening at Valley Junction at 10 a. m., forty seven feet and still rising which is 3 feet above flood stage. The stream will be flooded successively south of Valley Junction and precautions should not be neglected. Flood not expected near as severe as in 1915. (Signed) BUNNEMEYER.

### DEBATE DECLAMATIONS CHAMBER OF COMMERCE AND SPELLING GIVEN IN SCHOLASTIC MEET

The Brazos County District Court Room was filled with school patrons and spectators last Friday afternoon, the first day of the Interscholastic meet in spelling, debate, and declamation for Brazos County. It was estimated that more than 300 people witnessed the 25 excellent declamations given, also the good spelling and sensible debates presented by about 75 boys and girls of Bryan and Brazos County. The results of the contests, according to Professor C. E. Bobo of Harvey School were as follows: Winners in first grade spelling—1st, Ben Children of Edge; 2nd, Ella Schram of Kurten; 3rd, Alice Jane Rudasil of Tabor. #### NEW A. & M. DIRECTOR

Austin, Texas, April 5.—Governor Neff today appointed Walter L. Booth of Sweetwater, farmer and stockman as a member of the board of directors of the Agricultural and Mechanical College to fill the vacancy caused by the resignation of Judge J. M. Wagstaff of Abilene.

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning and in the absence of President W. H. Cole, who was ill, and the vice-president upon motion of Lee J. Rountree former President Tyler Haswell was called to the chair. Secretary S. E. Eberstadt was at the desk. Present were: Tyler Haswell, J. N. Dulaney, Major L. L. McInnis, A. M. Waldrop, M. L. Parker, E. E. McAdams, T. K. Lawrence, M. E. Wallace, Secretary S. E. Eberstadt, J. M. Gordon, D. L. Wilson, County Agent C. L. Beason, Lee J. Rountree, George J. Nedbalek and J. D. Martin.

Manager George J. Nedbalek of the Bryan Junior Band made a statement regarding the band for the coming year and the matter was referred to the committee Oak McKenzie, M. E. Wallace and E. J. Jenkins to report at the meeting of the board next Tuesday.

Secretary Eberstadt reported A. B. Ewing as a new member of the Chamber of Commerce.

Chairman Haswell called on Lee J. Rountree to make a statement regarding the recent meeting of the special insurance agents recently held in Bryan. The matter was discussed by Major L. L. McInnis, A. M. Waldrop, J. M. Gordon, Mayor Tyler Haswell, Manager E. E. McAdams and others.

Secretary Eberstadt read the following letter of appreciation: "Dear Mr. Eberstadt, Dr. Rayson and I wish to express our thanks and appreciation for the action taken by the Chamber of Commerce on March 28, in regard to our son. Sincerely, MRS. P. M. RAYSON."

#### Meeting Held in Rain Storm.

At 10 o'clock when the time came for the regular meeting of the board a heavy rainstorm was prevailing. There were only six members present. But the six members present urged the secretary to use the telephone and in a few minutes six more members arrived in the rain and a good meeting was held. The slogan was: "We must not miss a regular meeting of the board." This is good work.

#### NOTICE, CLUB WOMEN

All meetings of the Fourth District Conference at College Station are open to the public and anyone who cares to attend will be cordially welcomed. A special invitation to attend any or all of these sessions is extended to the rural clubs.

MRS. B. YOUNGBLOOD, General Chairman.

MEMBER OF ASSOCIATED PRESS

Bryan has a real live fighting Fire Department. The boys get up and go and do the work when they get there. That's good business.

The untimely death of Congressman Lucian Parrish, of Henrietta, from the recent automobile accident while making his campaign for United States Senator was a distinct loss to the State and the nation. He was a strong, vigorous, able and manly man, in fact one of the strongest men physically in Congress. Verily, "in the midst of life we are in death."

The Eagle deeply regrets to learn of the death of Mrs. R. E. Pennington, who has for many years been connected with the Brenham Banner-Press and was a writer of ability. Her many friends throughout Texas will be deeply grieved as she was a splendid woman and an honor to her work.

The Eagle earnestly commends the action of the stockholders of the Bryan Building and Loan Association in increasing the capital stock from \$500,000 to \$1,500,000 and the decision to put on the market Series No. 3 amounting to \$250,000. It is the purpose of President Cole and Secretary Eberstadt to sell this new series in one day. Secretary Eberstadt states he will sell it in eight working hours. Bryan should be a town of comfortable homes and beautiful streets and trees. The Building and Loan Association will do a great work.

The editor of the Eagle is in receipt of an invitation to attend the "Womanless Wedding" at Floresville in which our 301 pound friend, Sam Fore, Jr. will be the bride. Sam was in Bryan and College to see the Aggie-Lynghorn football game on Thanksgiving Day and when we introduced Sam to Hon. John E. Quaid, of El Paso, it reminded us of Mutt and Jeff on account of the discrepancy in their avoirdupois. Now if Sam Harben, Sam Hill, Sam Braswell, Sam Miller, Sam Hoyle, Sam Williamson, Sam Fryar, Sam Holloway, and the other Sams of the Texas Press will go to Floresville to see Sam Fore representing Eve we are in. Of course we couldn't go without Will Edwards, Tom Perkins, Felton Lane, Frank Browder, Nick Houx and Joe Taylor because we always feel safe when the giants are on the firing line. On with the battle, Sams.

The Honey Grove Citizen says: "Death is a monster who claims all conditions, as well as all seasons, for his own. Last week a man was playing poker in Baltimore. He drew a 'royal flush' (whatever that is), and fell dead. Monday a man visited the courthouse in Davenport, Iowa, to learn the amount of the taxes he owed. When he was shown his tax bill he dropped dead. We are beginning to fear death more since learning that joy, sorrow or surprise may send one hence in an instant. Some day some paper will bring the news that Irishmen have buried the hatchet. We know such good news would shatter life's golden bowl and snap life's silver thread in the twinkling of an eye." The above was clipped from the Mexico Evening News. Nick Houx and J. D. Moyer may have been lucky to escape sudden death. We know it might be so. They understand.

**DR. SHADRAM IN BRYAN**  
Dr. J. L. Shadram, of Hearne, who is supervising inspector for Milam, Burleson, Robertson and Brazos counties in the tick eradication dipping, was here Saturday looking over the work in Brazos County. Dr. Shadram returned to Hearne this afternoon.

**THREE-LEGGED CHICKEN.**  
Mr. Sim Wooten exhibited at the Eagle office Thursday morning a well developed chicken three days old that had three real legs and was alive and kicking. The extra leg is a little in the way and Mr. Wooten took the chick from its mother and fourteen brothers and sisters that had just been hatched and will try to raise it. So far the little fellow is quite lusty and really a curiosity.

## REAL NEWSPAPERS

(San Angelo Standard)  
In two months more than 150 newspapers have suspended publication in Germany, on account of the high price of paper. This is the worst form of social decay. The whole structure of civilization rests on the printing press.

What would West Texas be today without newspapers? Many times as we look at them (and this one too) it is disappointing to find that they are no nearer the ideals of the men who got them out. But without them this country would be lost.

Newspapers are run by human beings who are apt to make mistakes, like every one else. But eliminate all the newspapers and human intercourse and knowledge of far-off occurrences would practically cease. Wouldn't take many years of such a condition to turn the clock back several centuries.

# ONCE MORE ADVERTISING IN THE BRYAN EAGLE BRINGS MERCHANT GOOD RESULTS

A Bryan merchant made a special call at the Bryan Eagle office Thursday to express his appreciation of the power of advertising, through the Bryan Daily Eagle. He said that a lady called at his place of business on Main street one day this week and bought a rug, four pairs of silk hose and then turning to the merchant asked: "And what was that other thing you advertised in the Eagle?" On being shown the article she bought it. Her total purchases amounted to from \$15 to \$20. The merchant's ad cost him only approximately \$1 for that day, which shows that the purchases of this lady paid for his advertising for several days in the Eagle. The merchant was much pleased with the results obtained from the advertising. He carries a comparatively small ad on the front page of this newspaper, under contract for a certain number of inches each month. This is only another instance of the "pull" even the smallest advertisement has with the buying public. If there are any dubious merchants in Bryan who are in doubt about the results obtained in the daily newspapers he might compare the volume of business done in the leading cities of Texas by merchants in San Antonio, for instance, in West Commerce Street within one block of each other there are two clothing stores, Dalkowitz Bros., and the New York Dry Goods Company. Dalkowitz has cornered practically all the business in the block, incidentally he advertises in the Express and San Antonio Light, the two leading papers of the Alamo City. The New York Dry Goods Company is usually empty, its volume of business is not commensurate with that of Dalkowitz.

## TEXAS EDUCATOR COMMENTS BRYAN EAGLE EDITORIAL

Managing Editor Peyton Irving, Jr., of the Texas School Journal of Dallas writes: "I wish to sincerely thank you for the editorial in the Bryan Eagle entitled 'Our Public School System Tottering' and I shall be pleased to quote from it largely in the Texas School Journal and commend you and the Bryan Eagle for the valiant, intelligent and effective work you are doing for education in Texas. My personal conviction is that our educational rejuvenation must come through an awakened public consciousness of the needs, the value and the sanity of our common public schools. I am sure too, that this attitude on the part of the man in the street can not be created by speeches of educators and even college professors and presidents. The thought flashes through the mind of even the dull that this person is asking the public to line his pocket and thereafter the speech, if it be that resultless. It is upon such as you that our schools depend and to such as you will be the credit for any progress they make out of the ordinary in this crisis."

Trinity navigation may be "blowed up" but the Brazos is never a dead issue as long as Robert L. Henry is candidate.—Ft. Worth Star-Telegram.

Bryan had an election which resulted in a chicken ordinance. Every chicken owner must now keep his chickens under the fence.—Normangee Star.

## ABOUT THOMAS M. RAYSOR

Thomas M. Raysor, of Bryan, has been selected by the Corporation of Harvard University as a holder of a Sheldon Travelling Fellowship for the year 1922-23. Under the fellowship award, he will go to Europe for advanced study of English. He was graduated from Harvard in 1917, and took his master's degree in 1920. During the period 1917-18, he served as an instructor in English at the Agricultural and Mechanical College of Texas.

The Texas prison population is larger than ever and amounts to 3,345. Under present conditions it should be at least ten times this amount. The hijackers should go to work and quit stealing.

## COMMENDING ACHIEVEMENT OF TOM RAYSOR

At a recent meeting of the board of directors of the Bryan and Brazos County Chamber of Commerce a special committee composed of Dr. W. B. Bizzell and Mr. Lee J. Rountree was appointed to draft suitable resolutions to Tom Raysor, son of Dr. and Mrs. P. M. Raysor of Bryan, expressing commendation for his scholarship distinction at Harvard and the following has been sent him under the signatures of President W. H. Cole and Secretary S. E. Eberstadt of the Chamber of Commerce:

"Bryan, Texas, March 28, 1922.  
MR. TOM RAYSOR, Harvard University, Cambridge, Mass.  
Dear Mr. Raysor: At a meeting of the Chamber of Commerce this morning by unanimous vote a special committee whose names appear below were directed to write and congratulate you on the recognition that you have won as a result of your high scholastic attainments. The board of directors of the Chamber of Commerce feel that you have not only reflected credit upon yourself but upon the town that claims you as its own. On behalf of the business men of Bryan we wish to convey our best wishes for your continued success in the field of scholarship to which you have dedicated your life and to assure you that your friends in Bryan shall follow your future career with the greatest possible interest."

parable in size with that of Dalkowitz. Again, when Joske Brothers Company, the largest dry goods and department store in San Antonio cut out its advertising (two full pages per day) in the San Antonio Express, last October, for a week it was reported that the store had only about one-half as many customers as usual. After the store had discontinued its advertising schedule of two pages per day with the San Antonio Express, it was carrying "only" four solid pages of advertising with the San Antonio Light. On cutting out the ads in the Express, Mr. Joske doubled his space in the San Antonio Light carrying four pages regularly each day, on Sunday from four to six pages of advertising, with a complete change of copy each day. Joske Brothers Company does the biggest business in the Southwest. What a large house can do, a small store can do. Joske's was once small, the size of many of the stores on Main Street of Bryan. What made her grow? Good salesmanship! And one of the vital and most important things in good salesmanship has proven to be in her case (and thousands of others) advertising, the best thing for the best day, with frequent changes of copy. Newspaper advertising has become a necessity. It is not a luxury. Two things have become linked undivably together in modern business—advertising backed up by 'delivering the goods' after the customers call, say experts of some of the largest business houses in the country, which have grown to mammoth size just through this thing—newspaper advertising.

## BRAZOS COUNTY BEAUTIFUL

Brazos County is so beautiful just now, the shade trees with their new coats of green and the peach and plum trees with their wealth of bloom put the whole country into a glorious riot of blossoms. And its perfumes are so delightfully fragrant one can't keep from singing a song of gladness whatever their complaint. It is also the time for the hyacinth, jonquil, narcissus and daffodil, early messengers and the very essence of springtime. Never before have we seen such stately stems and gorgeous clusters as have been grown from the bulbous plants as this year. Quantities of them in many homes gladden the eye in all the delicate shades of lavender, pink, blue, yellow and white.—Bryan Eagle.

Come up to Mexia, Lea, and let us take you out to Tehuacana where looking out to the west from the bluff you will have a sure enough beautiful view. Nothing in Brazos County can possibly equal our natural scenery up here.—Col. N. P. Houx in Mexia Daily News.

We only want to say, Nick that your invitation is fine. But you should address it to Mrs. Rountree, who wrote the above. The article regarding the success of Tom Raysor a Bryan boy at Harvard was the first article and above was the second article she wrote since what she termed was "six weeks in jail" with an attack of pneumonia.

## A METHODIST CHURCH WILL BE ERECTED AT A. & M. COLLEGE SOON

Rev. H. C. Willis, pastor of the Methodist church, after his sermon Sunday morning received fourteen persons in the church—seven by profession and baptism and seven by letter and restoration. A very large congregation was present at the morning service to hear the sermon by Rev. Willis which was generally appreciated.

Rev. King Vivion, student pastor of the Methodist church at A. & M. College, preached Sunday night and at the close of this sermon took up a collection for the erection of a temporary church building at College on the lot recently purchased from W. C. Boyett. He raised \$604 and it is understood the temporary building will cost \$3500 or \$4000 to stand until a permanent church is erected by the Methodist of Texas. There are 522 boys at College of the Methodist faith, Rev. Vivion reported. Mr. E. W. Crenshaw is treasurer of the funds. The Bryan committee is composed of the following: E. J. Jenkins, T. A. Adams and J. H. Ransom and Mrs. E. W. Crenshaw, and Mrs. J. B. Priddy. The committee will hold a special meeting Tuesday.

# Editor Devall Commends Very Highly Bryan Weekly Eagle

(Chas. A. Devall in Mt. Vernon Optic Herald).  
"The Bryan Weekly Eagle, Lee J. Rountree's paper, has been coming to our exchange table for some months and we always read it with great interest. We have wondered, though, how much longer such a publication could exist on the advertising it is getting. In a recent issue which measured 716 inches of space all told there were 52 inches of advertising, the balance being all live home-set local matter and spicy editorial. The Eagle is the only paper published at Bryan and there is no good reason why the business men of that rich city should not use its columns. They would not only help a worthy and necessary enterprise, but would find it a good investment. Newspapers cannot subsist on air these days, because it costs 100 per cent more to operate them than it did before 1915. It isn't just anybody now that can successfully publish a daily paper in a small town as it costs as much to produce advertising at 25 cents per inch as it does \$2.50 per inch. The cost scales are the same practically."

## EDGE IS INTERESTED IN BETTER EDUCATION TEXAS PRESS ASSN. MEETING AT DENTON

(For the Bryan Eagle).  
Edge, Texas, April 4.—While Edge does not want to have the attitude of boasting, she does appreciate her record in the Intercholastic contests held in Bryan Friday. Out of ten contests reported to date that she entered she took first place in six and second place in three. There are two yet to be heard from in which she contested, these are in written spelling.

While Edge did not take part in the athletic events this year, she expects to another year. She expects to win the highest all around score this coming year. She doesn't expect to win because she feels herself superior. Rather, she expects to win because she expects to work harder in every contest than the other fellow. The winner is the worker. This is her idea. And Edge cordially invites every school in the county to the combat with a year in which to prepare for battle.

And, while we are making next year's Intercholastic League the biggest County event it has ever been, let's go at it with a determination to make Brazos County the State winner when the League contests are decided for by the State. Let's be a county unit in our plans and preparation to take State honors. Let's make our county an educational unit in whatever becomes a State event. Let's call in co-operation all the resources of the county to this end. Let's call on A. & M. more, our business men more, our Parent-Teachers Associations more and every other factor that can contribute to our wider success. As patrons, let's call on and expect more of our teachers. As teachers, let's call on our patrons more, on our entire communities more, and expect more from our pupils. Altogether, all working, let's put Brazos County on the educational map. CITIZEN.

**NEWSPAPERS INCREASE PRICES**  
Chicago, April 4.—Increase from 3 to 5 cents in the price of its early edition sold on the streets here before midnight was announced last night by the Herald and Examiner. Advertising rates have been advanced from \$2.80 to \$3.25 per inch. The cost of producing newspapers is 100 per cent more than in 1915, and this means the suspension of many of the smaller newspapers in the United States.

## WHEELLOCK NEWS IS INTERESTINGLY TOLD

(Billad in Hearne Democrat).  
Wheelock, Texas, April 1.—The rains have descended and old mother earth rejoiceth. Much gardening, corn planting, and occasionally some cotton planting, is the order of the day, and we old hayseeds are hopeful and chock full of faith of the bountiful reaping in the sweet by and bye.

Miss Ethel Mitchell, Mrs. Harve Mitchell an dher son, James, Jr., with Mrs. Henry Herndon, Prof. H. A. Garland and Mrs. H. A. Garland and their two children, accompanied by Miss Margaret Moore, Cornelia Hendrick and Mr. Vernon Wheeler attended the concert given by the Texas University Glee Club at Franklin last week.

Miss Lena Killough, the efficient primary teacher in the Wheelock school, has been quite unwell for several days, to the great regret of her pupils and her fellow teachers.

Mr. and Mrs. A. C. Love and Grandmother Scott have been quite sick during the past week, all suffering from the prevailing epidemic of flu.

Doctor Curry of Franklin and Doctor Alexander of Hearne have been professionally engaged in our section during the past week.

Mr. John B. Cavitt—one of the many noble specimens of good citizenship who first saw light on the Wheelock prairie, who is now residing at Marlin was down for a few days the past week visiting relatives and friends.

Miss Ruth Cavitt and Mrs. Mary Washington have returned from their pleasant wanderings and are now occupying the old Volney Cavitt homestead in Wheelock.

Hon. S. A. Cavitt of McGregor is an appreciated visitor with his relatives and friends at his old home in Wheelock and is recalling some of the scenes and incidents of his boyhood sports by indulging again in trapping and gunning after the wild animals that are still found in this section. Occasionally we find him in a reminiscent mood and succeed in extracting from him some of the happenings of the halcyon days of his youth. One of these was the sudden suppression of his editorial career. When only in his teens he and another kindred spirit started up the publication of a paper known as The Wheelock Owl, whose mission they conceived to be the rehearsal and exposure of the many frailties, follies, and shortcomings of its patrons. The first issue was replete with surprises of the flatome and jettison of the prairie village, causing many eager and earnest inquiries as to its authors and promoters, and while many who were scared by the arrows of truths contained in the first paper bound up their wounded feelings and consoled themselves with the hope that like the bird of prey from which it had taken its name that it had found its victims and would come no more. When like a lightning stroke, from a clear moonlight night came the second issue with startling exposure; and criticisms that were very thunderbolts of truths whose shafts sunk deep in the minds and consciences of so many of its best patrons that it had to seek cover and like many good efforts that had preceded its publication, its editors consoled themselves with the idea that it had filled the long felt want and bade their wandering and astonished constituency a fond adieu. The Owl had ended its flight and with the good poet said—

"They are waiting for us by the sundown sea

Friends of my heart in the used-to-be They are waiting for us at the right gate Where shadows of love in the twilight wait."

# MEETING CEMETERY ASSOCIATION HELD

With President George A. Adams presiding and Secretary S. E. Eberstadt at the desk the bi-monthly meeting of the Board of Directors of the Bryan Cemetery Association was held Thursday morning at 10 o'clock at the City National Bank with the following members present: George A. Adams, Fred L. Cavitt, E. E. McAdams, S. E. Eberstadt, Mrs. Edgar Covey, Mrs. Dona Carnes and Mrs. Albert Buchanan.

On account of the down pour of rain during the past few days the membership committee has been unable to do much work but will resume the canvas for members at once. The buildings and grounds committee reported the hedge plants recently put in all around, growing nicely and all other shrubs planted on lots this spring putting on new leaves, and giving promise of beauty in the near future. The report was also given that the roadways are in splendid condition, in spite of the hard rains of the last week.

The motion was made and seconded and passed by unanimous vote that the general clean up and "Beautifying Day", advertised as Tuesday, April 4th, be postponed until Tuesday, April 11th, on account of the ground being too wet to work with at this time. All citizens are urged to take notice of this change of date and be on hand April 11th to assist in beautifying and cleaning the lots in our "Silent City".

Treasurer F. L. Cavitt made his report as follows: Maintenance, balance, reported \$295.56; Receipts, \$85; Balance to date, \$380.56.

Available: Balance, reported \$194.61; Receipts, \$53.50; Disbursements, \$13.25; Balance, \$234.86.

Total in Cemetery Fund, to date, \$615.42. Received since January 1, 1922 dues for maintenance on personal lots \$165.50. Donations received since January 1, 1922, \$20.25. Total members enrolled for 1922, 286. The next meeting of the directors will be held on Tuesday, April 11th, at 10 a. m., at the City National Bank.

## JUNIOR AND SENIOR ELIMINATION CONTEST HELD FOR DECLAMERS

A most pleasant and profitable contest was held in the Bryan high school auditorium at 3:00 p. m. Wednesday. All the staging of and the arrangements for the contest were under the direction of Miss Josephine Kirk, the teacher of public speaking in the high school. There was a goodly attendance of the people of the city notwithstanding the inclemency of the weather. All seemed unusually pleased with the program as well as with the manner of its presentation.

Superintendent Madison Hall presided. After a brief introducing discourse relating to the pleasure and the profit of correct public speaking and declamation, Mr. Hall presented the first speaker, a junior girl. There were six junior girls declaimers and three junior boys; four senior girls and three senior boys. Each speaker had chosen a splendid selection and spoke it with credit to all concerned. These little folks are starting at the right age to become forceful and correct speakers. Besides the principles and practice of public speaking have an educational value on the mind of young, that is second to no other influence. It is a great achievement to be able to use pure and correct English to convey pure and correct ideas and ideals. It is doubtful if the two can be separated—pure language and pure ideas and ideals. A new and a better day will be ushered in when all our young people strive for recognition in the use of the principles and in the practice of public speaking.

Those winning first place were: Juniors, Ralph Anna Seary and Milton Maloney. Seniors Frances Taylor and Edwin Janick. Those winning second place were: Juniors, Dorothy Doan and Donald Freeman. Seniors, Ruby Wheeler and Philip Hensarling. The other declaimers were all good, and each one is determined to continue work along this line. Public speaking is a great stimulus and for growing minds a healthy kind of intoxication. This work here this year is just a beginning and by another year we hope to do ten times as much as we have this year, without any loss from the regular studies. But we can and will use this exercise as a means of vitalizing all the other work. Bless all the children for their good work.

## BLAZE EXTINGUISHED HASWELL'S BOOK STORE ON FRIDAY MORNING

About 12:20 o'clock Friday morning the fire alarm sounded and it was found that a blaze had originated in the rear end of Haswell's Book store. A Victor talking machine was burned and a slight damage to the building, stationery and merchandise was reported. The Bryan Fire Department responded in a jiffy and did excellent service. In fact they saved the building, its contents and perhaps adjoining building. Bryan has a first-class fire department Mayor Tyler Haswell expresses his appreciation of the splendid work done by the fire boys. It is thought the blaze was caused by a defective wire in the rear of the building. The loss is about \$500, partially covered by insurance.

A Bryan Baylor Club was organized Friday afternoon and a full write-up will appear in the Eagle on Monday as it came in too late for Saturday's issue.

### MEMBER OF ASSOCIATED PRESS

Bryan has a real live fighting Fire Department. The boys get up and go and do the work when they get there. That's good business.

The untimely death of Congressman Lucian Parrish of Henrietta, from the recent automobile accident while making his campaign for United States Senator was a distinct loss to the State and the nation. He was a strong, vigorous, able and manly man, in fact one of the strongest men physically in Congress. Verily, "in the midst of life we are in death."

The Eagle deeply regrets to learn of the death of Mrs. R. E. Pennington, who has for many years been connected with the Brenham Banner-Press and was a writer of ability. Her many friends throughout Texas will be deeply grieved as she was a splendid woman and an honor to her work.

The Eagle earnestly commends the action of the stockholders of the Bryan Building and Loan Association in increasing the capital stock from \$500,000 to \$1,500,000 and the decision to put on the market Series No. 3 amounting to \$250,000. It is the purpose of President Cole and Secretary Eberstadt to sell this new series in one day. Secretary Eberstadt states he will sell it in eight working hours. Bryan should be a town of comfortable homes and beautiful streets and trees. The Building and Loan Association will do a great work.

The editor of the Eagle is in receipt of an invitation to attend the "Womanless Wedding" at Floresville in which our 301 pound friend, Sam Fore, Jr., will be the bride. Sam was in Bryan and College to see the Aggie-Longhorn football game on Thanksgiving Day and when we introduced Sam to Hon. John E. Quaid, of El Paso, it reminded us of Mutt and Jeff on account of the discrepancy in their avoirdupois. Now if Sam Harben, Sam Hill, Sam Braswell, Sam Miller, Sam Hoyle, Sam Williamson, Sam Fryar, Sam Holloway, and the other Sams of the Texas Press will go to Floresville to see Sam Fore representing Eve we are in. Of course we couldn't go without Will Edwards, Tom Perkins, Felton Lane, Frank Browder, Nick Houx and Joe Taylor because we always feel safe when the giants are on the firing line. On with the battle, Sams.

The Honey Grove Citizen says: "Death is a monster who claims all conditions, as well as all seasons, for his own. Last week a man was playing poker in Baltimore. He drew a 'royal flush' (whatever that is), and fell dead. Monday a man visited the courthouse in Davenport, Iowa, to learn the amount of the taxes he owed. When he was shown his tax bill he dropped dead. We are beginning to fear death more since learning that joy, sorrow or surprise may send one hence in an instant. Some day some paper will bring the news that Irishmen have buried the hatchet. We know such good news would shatter life's golden bowl and snap life's silver thread in the twinkling of an eye." The above was clipped from the Mexico Evening News. Nick Houx and J. D. Moyer may have been lucky to escape sudden death. We know it might be so. They understand.

**DR. SHADRAM IN BRYAN**  
Dr. J. L. Shadram of Hearne, who is supervising inspector for Milam-Burleson, Robertson and Brazos counties in the tick eradication dipping, was here Saturday looking over the work in Brazos County. Dr. Shadram returned to Hearne this afternoon.

**THREE-LEGGED CHICKEN.**  
Mr. Sim Wolton exhibited at the Eagle office Thursday morning a well developed chicken three days old that had three real legs and was alive and kicking. The extra leg is a little in the way and Mr. Wolton took the chick from its mother and fourteen brothers and sisters that had just been hatched and will try to raise it. So far the little fellow is quite lusty and really a curiosity.

### REAL NEWSPAPERS

(San Angelo Standard)  
In two months more than 150 newspapers have suspended publication in Germany, on account of the high price of paper. This is the worst form of social decay. The whole structure of civilization rests on the printing press.

What would West Texas be today without newspapers? Many times as we look at them (and this one too) it is disappointing to find that they are no nearer the ideals of the men who get them out. But without them this country would be lost.

Newspapers are run by human beings who are apt to make mistakes, like every one else. But eliminate all the newspapers and human intercourse and knowledge of far-off occurrences would practically cease. Wouldn't take many years of such a condition to turn the clock back several centuries.

## ONCE MORE ADVERTISING IN THE BRYAN EAGLE BRINGS MERCHANT GOOD RESULTS

A Bryan merchant made a special call at the Bryan Eagle office Thursday to express his appreciation of the power of advertising, through the Bryan Daily Eagle. He said that a lady called at his place of business on Main street one day this week and bought a rug, four pairs of silk hose and then turning to the merchant asked: "And what was that other thing you advertised in the Eagle?" On being shown the article she bought it. Her total purchases amounted to from \$15 to \$20. The merchant's ad cost him only approximately \$1 for that day, which shows that the purchases of this lady paid for his advertising for several days in the Eagle. The merchant was much pleased with the results obtained from the advertising. He carries a comparatively small ad on the front page of this newspaper, under contract for a certain number of inches each month. This is only another instance of the "pull" even the smallest advertisement has with the buying public. If there are any dubious merchants in Bryan who are in doubt about the results obtained in the daily newspapers he might compare the volume of business done in the leading cities of Texas by merchants in San Antonio, for instance, in West Commerce Street within one block of each other there are two clothing stores, Dalkowitz Bros., and the New York Dry Goods Company. Dalkowitz has cornered practically all the business in the block, incidentally he advertises in the Express and San Antonio Light, the two leading papers of the Alamo City. The New York Dry Goods Company is usually empty, its volume of business is not commensurate with that of Dalkowitz. Again, when Joske Brothers Company, the largest dry goods and department store in San Antonio cut out its advertising (two full pages per day) in the San Antonio Express, last October, for a week it was reported that the store had only about one-half as many customers as usual. After the store had discontinued its advertising schedule of two pages per day with the San Antonio Express, it was carrying "only" four solid pages of advertising with the San Antonio Light. On cutting out the ads in the Express, Mr. Joske doubled his space in the San Antonio Light carrying four pages regularly each day, on Sunday from four to six pages of advertising, with a complete change of copy each day. Joske Brothers Company does the biggest business in the Southwest. What a large house can do, a small store can do. Joske's was once small, the size of many of the stores on Main Street of Bryan. What made her grow? Good salesmanship! And one of the most important things in good salesmanship has proven to be in her case (and thousands of others) advertising, the best thing for the best day, with frequent changes of copy. "Newspaper advertising has become a necessity. It is not a luxury. Two things have become linked indissolubly together in modern business—advertising backed up by 'delivering the goods' after the customers call," say experts of some of the largest business houses in the country, which have grown to mammoth size just through this thing—newspaper advertising.

### TEXAS EDUCATOR COMMENTS BRYAN EAGLE EDITORIAL

Managing Editor Peyton Irving, Jr., of the Texas School Journal of Dallas, writes: "I wish to sincerely thank you for the editorial in the Bryan Eagle entitled 'Our Public School System Tottering' and I shall be pleased to quote from it largely in the Texas School Journal and commend you and the Bryan Eagle for the valiant, intelligent and effective work you are doing for education in Texas. My personal conviction is that our educational rejuvenation must come through an awakened public consciousness of the needs, the value and the sanity of our common public schools. I am sure too, that this attitude on the part of the man in the street can not be created by speeches of educators and even college professors and presidents. The thought flashes through the mind of even the dull that this person is asking the public to line his pocket and thereafter the speech, if it be that resultless. It is upon such as you that our schools depend and to such as you will be the credit for any progress they make out of the ordinary in this crisis."

Trinity navigation may be "blowed up" but the Brazos is never a dead issue as long as Robert L. Henry is candidate.—Ft. Worth Star-Telegram.

Bryan had an election which resulted in a chicken ordinance. Every chicken owner must now keep his chickens under the fence.—Norman-gree Star.

President W. B. Storey of the Atchison, Topeka and Santa Fe Railway, declared in an address at Muskogee, Oklahoma, that the railroads of the United States were doing business "at a loss." The railroads, like the government at Washington have been running on an inefficiency basis and no one can expect them to make money until more goods have been delivered. The man who grows two blades of grass where three grew before is a foolish man. He is like the man who built his house on the shifting sand—in time it will be destroyed. The railroads from top to bottom must become more efficient. The railroad are not going to simply run themselves and make money.

### ABOUT THOMAS M. RAYSOR

(From Harvard News.)  
Thomas M. Raysor, of Bryan, has been selected by the Corporation of Harvard University as a holder of a Sheldon Travelling Fellowship for the year 1922-23. Under the fellowship award, he will go to Europe for advanced study of English. He was graduated from Harvard in 1917 and took his master's degree in 1920. During the period 1917-18, he served as an instructor in English at the Agricultural and Mechanical College of Texas.

The Texas prison population is larger than ever and amounts to 3,345. Under present conditions it should be at least ten times this amount. The hijackers should go to work and quit stealing.

## COMMENDING ACHIEVEMENT OF TOM RAYSOR

At a recent meeting of the board of directors of the Bryan and Brazos County Chamber of Commerce a special committee composed of Dr. W. B. Bizzell and Mr. Lee J. Rountree was appointed to draft suitable resolutions to Tom Raysor, son of Dr. and Mrs. P. M. Raysor of Bryan, expressing commendation for his scholarship distinction at Harvard and the following has been sent him under the signatures of President W. H. Cole and Secretary S. E. Eberstadt of the Chamber of Commerce:

"Bryan, Texas, March 28, 1922.  
MR. TOM RAYSOR, Harvard University, Cambridge, Mass.  
Dear Mr. Raysor: At a meeting of the Chamber of Commerce this morning by unanimous vote a special committee whose names appear below were directed to write and congratulate you on the recognition that you have won as a result of your high scholastic attainments. The board of directors of the Chamber of Commerce feel that you have not only reflected credit upon yourself but upon the town that claims you as its own. On behalf of the business men of Bryan we wish to convey our best wishes for your continued success in the field of scholarship to which you have dedicated your life and to assure you that your friends in Bryan shall follow your future career with the greatest possible interest."

### BRAZOS COUNTY BEAUTIFUL

Brazos County is so beautiful just now, the shade trees with their new coats of green and the peach and plum trees with their wealth of blossoms puts the whole country into a glorious riot of blossoms. And its perfumes are so delightfully fragrant one can't keep from singing a song of gladness whatever their complaint. It is also the time for the hyacinth, jonquil, narcissus and daffodil, early messengers and the very essence of springtime. Never before have we seen such stately stems and gorgeous clusters as have been grown from the bulbous plants as this year. Quantities of them in many homes gladden the eye in all the delicate shades of lavender, pink, blue, yellow and white.—Bryan Eagle.

Come up to Mexico, Lee, and let us take you out to Tehuacana, where looking out to the west from the bluff you will have a sure enough beautiful view. Nothing in Brazos County can possibly equal our natural scenery up here.—Col. N. P. Houx in Mexico Daily News.

We only want to say, Nick, that your invitation is fine. But you should address it to Mrs. Rountree, who wrote the above. The article regarding the success of Tom Raysor a Bryan boy at Harvard was the first article and above was the second article she wrote since what she termed was "six weeks in jail" with an attack of pneumonia.

## MEETING CEMETERY ASSOCIATION HELD

With President George A. Adams presiding and Secretary S. E. Eberstadt at the desk the bi-monthly meeting of the Board of Directors of the Bryan Cemetery Association was held Thursday morning at 10 o'clock at the City National Bank with the following members present: George A. Adams, Fred L. Cavitt, E. E. McAdams, S. E. Eberstadt, Mrs. Edgar Covey, Mrs. Dona Carnes and Mrs. Albert Buchanan.

On account of the down pour of rain during the past few days the membership committee has been unable to do much work but will resume the canvas for members at once. The buildings and grounds committee reported the hedge plants recently put in the ground, growing nicely and all other shrubs planted on lots this spring putting on new leaves, and giving promise of beauty in the near future. The report was also given that the roadways are in splendid condition, in spite of the hard rains of the last week.

The motion was made and seconded and passed by unanimous vote that the general clean up and "Beautifying Day," advertised as Tuesday, April 4th, be postponed until Tuesday, April 11th, on account of the ground being too wet to work with at this time. All citizens are urged to take notice of this change of date and be on hand April 11th to assist in beautifying and cleaning the lots in our "Silent City."

Treasurer F. L. Cavitt made his report as follows: Maintenance, balance, reported \$295.56; Receipts, \$85; Balance to date, \$380.56.

Available: Balance, reported \$194.61; Receipts, \$53.50; Disbursements, \$13.25; Balance, \$234.86.

Total in Cemetery Fund, to date, \$615.42. Received since January 1, 1922 dues for maintenance on personal lots, \$165.50. Donations received since January 1, 1922, \$20.25. Total members enrolled for 1922, 286. The next meeting of the directors will be held on Tuesday, April 11th, at 10 a. m., at the City National Bank.

## JUNIOR AND SENIOR ELIMINATION CONTEST HELD FOR DECLAMERS

A most pleasant and profitable contest was held in the Bryan high school auditorium at 3:00 p. m. Wednesday. All the staging of the event and the arrangements for the contest were under the direction of Miss Josephine Kirk, the teacher of public speaking in the high school. There was a goodly attendance of the people of the city notwithstanding the inclemency of the weather. All seemed unusually pleased with the program as well as with the manner of its presentation.

Superintendent Madison Hall presided. After a brief introducing discourse relating to the pleasure and the profit of correct public speaking and declamation, Mr. Hall presented the first speaker, a junior girl. There were six junior girls declaimers and three senior boys; four senior girls and three senior boys. Each speaker had chosen a splendid selection and spoke it with credit to all concerned. These little folks are starting at the right age to become forceful and correct speakers. Besides the principles and practice of public speaking have an educational value on the mind of young, that is second to no other influence. It is a great achievement to be able to use pure and correct English to convey pure and correct ideas and ideals. It is doubtful if the two can be separated—pure language and pure ideas and ideals. A new and a better day will be ushered in when all our young people strive for recognition in the use of the principles and in the practice of public speaking.

Those winning first place were: Juniors, Ralph Anna Searcy and Milton Maloney. Seniors Frances Taylor and Edwin Janick. Those winning second place were: Juniors, Dorothy Doan and Donald Freeman. Seniors, Ruby Wheeler and Philip Hensarling. The other declaimers were all good, and each one is determined to continue work along this line. Public speaking is a great stimulus and for growing minds a healthy kind of intoxication. This work here this year is just a beginning and by another year we hope to do ten times as much as we have this year, without any loss from the regular studies. But we can and will use this exercise as a means of vitalizing all the other work. Bless all the children for their good work.

## BLAZE EXTINGUISHED HASWELL'S BOOK STORE ON FRIDAY MORNING

About 12:20 o'clock Friday morning the fire alarm sounded and it was found that a blaze had originated in the rear end of Haswell's Book Store. A Victor talking machine was burned and a slight damage to the building, stationery and merchandise was reported. The Bryan Fire Department responded in a jiffy and did excellent service. In fact they saved the building, its contents and perhaps adjoining buildings. Bryan has a first-class fire department Mayor Tyler Haswell expresses his appreciation of the splendid work done by the fire boys. It is thought the blaze was caused by a defective wire in the rear of the building. The loss is about \$500, partially covered by insurance.

A Bryan Baylor Club was organized Friday afternoon and a full write-up will appear in the Eagle on Monday as it came in too late for Saturday's issue.

## GRiffin BROS. SHOP AND SHOE SHOP BURGLARIZED

Griffin Brothers' blacksmith shop on Bryan Street was burglarized Saturday night and the Drew Shoe Hospital opposite the H. & T. C. depot was entered on Sunday night by night prowlers. Some screw-drivers and a brace and bit were taken from Griffin's and \$4.50 stolen from the shoe shop. Officers are working on the case. The shoe place was entered with the assistance of an ax. Officers are investigating the burglaries.

## HAPPY FAMILY REUNION

The children and grandchildren of Mr. and Mrs. J. W. Cloud of Kurten assembled at their home Sunday morning for the celebration of Mr. Cloud's 83rd birthday. It was a happy family reunion and the day a most joyous one for all present. The older ones spent the time in reminiscences of early days in Brazos County and the many interesting events that have transpired in the county and particularly in the Kurten community as the years have come and gone. The younger folk and the children played games and enjoyed story telling. At the noon hour a splendid dinner was served. Mr. Cloud is a native of the state of Georgia and came to Brazos County in 1865 immediately following the close of the Civil War in which he played a valiant part battling for the Confederacy. He has been one of the country's honorable and sturdy citizens and reared a family of noble sons and daughters. His good wife is still spared to her husband and children, and together they enjoyed the happy reunion of their loving children and grandchildren at the old home. Those present for this pleasant day were: Mr. and Mrs. Tom A. Cloud, Bryan; Mr. and Mrs. J. P. Gilpin and family, Kurten; Mr. and Mrs. Z. L. Jones and family, Reliance; Mr. and Mrs. R. B. Hearn and family, Kurten; Mr. and Mrs. C. F. Bullock, Brazos Bottom; Mrs. John H. Jones, Reliance.

## FIFTEEN NEGROES TAKEN IN AN INTERESTING GAME

About fifteen negroes were captured by Sheriff L. E. Morehead and Deputy Sheriff H. T. Wheelless Sunday night near College, when an exciting game, alleged to have been "black jack" was interrupted. The case promises to become an interesting one in the court, it is said.

## QUANTITY OF CATTLE DIP BEING UNLOADED NOW.

A large quantity of cattle dip in five-gallon cans is now being unloaded at the H. & T. C. depot for use in Brazos County. Dipping of cattle to rid them of ticks is now going on as per state livestock requirements.

## Read Eagle advertisements.

## BRYAN EAGLE PRINTS 3,300 COPIES OF THE PAPER ON THURSDAY

On Thursday, March 30, the Bryan Daily and Weekly printed and mailed 3,300 copies of the paper. There are only 3,800 poll taxes paid in Brazos County and about 1,600 of these are paid by women. The Eagle is covering the trade territory like a blanket and the citizen of Bryan and Brazos County who does not read the Daily or Weekly Eagle is the loser. The Eagle is putting every dollar it makes into the business. Not only that it is publishing a newspaper equal to any town of 5,000 people in Texas and carries more reading matter of a high class than any newspaper published in a town the size of Bryan. It takes labor, time and money to print a newspaper. The Eagle's class and it is deserving the support and patronage of all. Let's go.

## SHERIFF MOREHEAD MADE GREAT RECORD IN INGOLDSLEY CASE

Sheriff L. E. Morehead returned Thursday night from San Antonio and had in custody Dr. J. G. V. Ingoldsley alias G. W. Boyd alias Edwin E. Moore alias John G. Wilson and several other aliases. Sheriff Morehead went from Houston to San Antonio where he had secured the arrest of Ingoldsley on charges of bigamy and swindling the warrants having been issued in Brazos County. When he arrived in San Antonio he found Ingoldsley in the county jail and Sheriff Fisher of Nebraska City, was claiming the prisoner. It is alleged in printed circulars that Ingoldsley had served three terms in the state penitentiary of Illinois. Sheriff Morehead stated there are criminal charges involving theft of automobiles, forgery, swindling and bigamy pending in Madison, Harris, Leon, Brazos and other counties. He is also wanted in Oklahoma, Nebraska and California on various charges. After quite an exchange of messages Sheriff Morehead was able to secure his man at San Antonio and bring him safely to Bryan. He received the following telegram from Sheriff Fisher, Nebraska City, Nebraska, this morning: "Hold J. G. V. Ingoldsley for us if you cannot secure a conviction. We have many charges against him." Boyd or Ingoldsley is being held in the county jail to await the action of the Brazos county grand jury. Sheriff Morehead is to be congratulated on his good work in having him arrested and holding him after so many demands were made for Ingoldsley.

## LITTLE MISS DAVIS HAS BIRTHDAY PARTY SATURDAY

Little Miss Lelia Law Davis, daughter of Judge and Mrs. W. C. Davis, celebrated her twelfth birthday at the home of her parents Saturday afternoon. Her guests were the children of the neighborhood.

## BRYAN AND HEARNE AFTER OIL FIELDS

(Mexico Daily News)  
Col. J. H. Park, one of Mexico's esteemed and old time citizens, a man who has a creditable part in the performances of the past and present history of this section of Limestone county, returned yesterday from Bryan and Hearne where he had spent several days visiting relatives. While at Bryan he was a guest of his brother, P. S. Park, who is also well known here having been a citizen here many years before going to Bryan. While at Hearne he visited his nieces, Mrs. W. H. Davison, Mrs. John Welch and Miss Pearl Smith. He reports heavy rains in that section with all streams up and the farmers well pleased with the splendid season in the ground. He says that much interest exists in the oil situation around both Bryan and Hearne, and there is a confident feeling of expectancy that some of the tests now going down will be successful in penetrating pools of liquid riches to enrich that part of Texas and this as well. One test was made in the Brazos Bottom, one at Wixon Lake and on the Brazos and Robertson line near Wheelock is being made.

## FINE HORSES WILL BE EXHIBITED IN BRYAN

W. L. Strangel of the Animal Husbandry Department of A. & M. College, states that he will have an exhibition on the Main Street of Bryan Saturday, April 8 at 2:30 o'clock. In the exhibition will be Pat Murphy, Red Oak, Flowerdale and Owenton, all stallions with high records. The jack, Captain, will also be on exhibition next Saturday. Every horseman in Brazos County or those interested should witness this exhibition.

## To the Teachers, Trustees and School Patrons of Brazos County: We are especially indebted to the teachers, school authorities and patrons of the various schools of the county for their loyal support and co-operation in the school session that is drawing to a close. Let each of us do his very best to carry out the long time educational program which was put on by the teachers at the institute. The rural schools are by no means what they ought to be and if every one will do his bit, working together as a unit, we shall soon be able to see an improvement in our school conditions. We are expecting to continue the educational campaign throughout the vacation months.

Our state superintendent informs us that if some special provisions are not made real soon that the state per capita apportionment for 1922-23 will be \$10.00. Every thinking business person knows that this will be a detriment to our rural schools. It will throw our educational system into a perilous condition. If this apportionment is cut lower we will have to retrench in our educational matters. It is not the policy of our state government to retrench in an economic, business and governmental affairs, although we are in a financial crisis; neither should it be our policy to let the training and education of our children suffer. It develops itself then upon those who are most interested in education to champion this cause and put it over the top. And why should not every one be interested in this cause?

At a recent meeting of our educational committee the following plan was decided upon: First there is to be an educational rally held in every school community in the county. Second at these meetings the people are to be asked to sign a petition to Governor Neff asking him to pursue some course that will save the schools of the state for the coming school year. Third, this petition with these names signed, is to be sent to Governor Neff. We fully believe that this action upon the part of the people will get results. There are a number of books that have been added to the professional library at the Carnegie Library. We are under obligations to the board of directors and to the librarian of the Carnegie Library for their kindness in handling these books for the teachers. We are also grateful to these people for an effort to extend the privileges of the Carnegie Library to the rural people. Teachers should not fail to use these books.

Our education committee also decided on having a county school fair and picnic at College, April 28th. May we count on all the teachers being there and having as many of their children there as possible. Each school will be expected to have the following on exhibit: First, all the children present if possible. Second, exhibits of work on arithmetic, grammar, geography, history, themes, devices in teaching primary, intermediate and high school grades, domestic science and arts, vocational agriculture and any other things that pertain to our educational system. Third, a dinner basket well filled. Although most of the schools will be out thus will it be possible for us to have this school fair. Let us all do our best to put it over. All working together will put it over the top for our schools.

In looking back over our school program for the present year, we find ourselves obligated to many outside people who have been very helpful to us in many ways, in carrying out our school program. We are made to feel kindly toward the people and business men of Bryan because of the material and moral support that they gave us in putting on the educational parade in Bryan last fall. Especially are we indebted to Mrs. W. S. Howell, Mrs. Lizzie Brock and Mrs. Egbert Jones for their untiring efforts in soliciting contributions for the financial support of this parade. And may we say that a new day is coming to the educational system of Brazos county through the efforts of the Red Cross nobly directed by Mrs. A. J. Buchanan and her efficient staff of Red Cross workers. We are proud to say that Brazos county has one of the most efficient Red Cross nurses in Texas. We are expecting in the future to call on the Red Cross for help very often. Miss Crosse, the Red Cross nurse has already visited a number of schools, and all are delighted with her service rendered the schools. We consider that we are extremely fortunate

## CREEKS OF COUNTY SWOLLEN WITH RAINS OF LAST FOUR DAYS

Rains which fell within the past four days have swelled adjacent rivers and creeks, many of them out of their banks, but there is small danger of much damage from floods to plantations in Brazos county, it is said. The Little River is out of its banks at Cameron and the Little Brazos River south of Hearne began to run over its banks Wednesday afternoon at 4 to 5 o'clock and is now over them. The Big Brazos is said to be rising at the rate of one foot an hour but it is thought that care can be taken of this extra water. Another report said today that the Big Brazos was falling at Waco. The rainfall in the past few days in Brazos county has been about 6 inches. All creeks through Brazos county are up and roaring, the highest in several years. Tributaries of these are also full. If any damage in this county it will come from the Little Brazos River, said observers who have watched the rise and fall of floods in this vicinity every spring for years. "Unless we have rains as heavy as those which fell last September we need not fear much of an inundation," said Mr. John M. Lawrence, president of the Lawrence Grocery Company, Thursday at noon.

## OLD SETTLER TELLS OF OLD DAYS WHEN BRYAN "GOT MUDDY"

The good rain which fell in Bryan early Wednesday morning may remind many old settlers of the city and of Brazos County that it was only a few years ago that teams bogged up in the mud on Main Street of Bryan when it rained heavily. "I remember distinctly say 20 to 25 years ago when it was a common sight to see a farm wagon drawn by two horses would 'get stuck' in the mud on Main Street," said Mr. M. R. Phillips, 74 years "young", who has resided in this city for over 25 years. "On a day like this with the ground soaking wet the planters from the Brazos bottom plantations used to be forced to unload their wagons, coming from Bryan with supplies, reload the stuff on mules and get it home mule-back, leaving their wagons axle-deep in the mud.

"The people of this city can hardly appreciate what a blessing good gravel roads are," he said. "The coming of the automobile has wrought wonders for the farmers, has done more for them than for anyone else, I believe. You can hardly find a farmer nowadays who has no automobile. Why, I can remember when we used to plow in Brazos county all day with one ox. We used to haul cotton to Bryan with a yoke of oxen and cover only twelve miles a day. The times are growing quicker and motorists think nothing of covering 70 and 100 miles in one day. Those were the happy days!"

The city of Bryan has about four and one-half miles of paved streets at present of the 40 miles of streets within the city limits. The first paved street was Main Street first paved in 1913, followed by the paving of the side streets leading to it. There are many stretches of good road leading out from Bryan. Approximately 70 miles of graveled turnpike radiate from this city on ten county roads.

## FREIGHT RATES HIGH IN SHIPPING ROAD GRAVEL

If there are any citizens of Bryan who think that all the talk about railroads charging "high" freight rates is "bunk" let them read this. Thirty-three yards of gravel to be used on Brazos County roads was shipped from Hearne to Bryan Junction this week, a distance of about ten miles. The freight bill was \$32.34 and the gravel was worth only \$57.75.

## PUBLICITY CHAIRMAN

Mrs. J. C. Reynolds, of Port Arthur, president of the Fourth District Federation of Women Clubs, has appointed Mrs. Lee J. Rountree publicity chairman for the meeting of the Federation to be held at College Station on April 6 to 8. The program of this important meeting will appear in a few days in the newspapers.

In being where we can call on the A. and M. College for help. We are grateful to the Rural Science and Extension departments for their noble service which they have rendered us during this year.

We would not fail to make mention of the valuable service the Bryan Eagle has performed in putting over our educational program. This paper has not failed to function as an educational factor in our midst. We also want to let our editor and Representative Lee J. Rountree know that we appreciate his loyal devotion to the rural school, and that we admire his courage in making the fight in the Legislature and in the Bryan Eagle for education in Texas. I am yours in service,

ECK SMITH,  
County Supt. of Brazos Co.

## J. G. LOUDDER BUYS 3 CARS BRAZOS CATTLE

J. G. Loudder of Miles, 18 miles from San Angelo, has been in Bryan the past week and has bought three carloads of Brazos county cattle for shipment to the Fort Worth market. Mr. Loudder said Tuesday that if he could not sell the cattle at his own price at Fort Worth he would ship them to Stevens county for grass. He intended sending the stuff to Kansas City but since the Oklahoma cattle authorities have placed a ban on Texas cattle no cattle have been able to pass the Texas line. There has been a conference recently between the Texas Livestock Commission and the Oklahoma authorities but the results of the meeting have not been made known officially. It is hoped that Texas cattle will soon be allowed to be shipped north of the northern boundary of the Lone Star State. The Oklahoma ruling has worked a hardship upon cattlemen who have wanted to send their stuff to northern markets.

Mr. and Mrs. Fred Poteet of Wellborn were in Bryan Saturday shopping.

## BRYAN ROTARY CLUB HEARS DELEGATION FROM STATE MEETING

The Bryan Rotary Club at Wednesday noon with Rotarian M. L. Parker presiding heard a report from the State Rotary meeting just closed at Mineral Wells. Among the speakers were President T. K. Lawrence, Prof. R. O. Allen and Rev. S. Moylan Bird, who declared that the meeting was a splendid one and that about 1,000 Rotarians were in Mineral Wells Monday and Tuesday and that it was the purpose of the Bryan Rotary Club to take the famous Aggie band next year to the state meeting at Beaumont. Prof. Allen, Rev. Bird and Mr. Lawrence were loud in their praises of the hospitable treatment at Mineral Wells and the speakers declared real Rotarians were always ready to do the right thing to their fellowman and to aid in putting over worthy activities.

Rotarian Parker called on Dr. B. U. Sims, who said he was glad to be a Rotarian and would always appreciate his election to membership in the Bryan Rotary. Coach D. X. Bible, who had just returned from New York where he attended the conference of Athletic Coaches of the United States, had a word of cheer for the sport lovers for the coming football season.

Those present at the Rotary luncheon were: President T. K. Lawrence, Secretary Oak McKenzie, Travis B. Bryan, Dr. B. U. Sims, Dr. Ernest Moore, Rev. S. Moylan Bird, C. Sam Parker, Sam E. Eberstadt, M. L. Parker, D. L. Wilson, W. S. Barron, F. L. Henderson, L. G. Jones, M. E. Wallace, Prof. R. O. Allen, Wilson Bradley, W. R. Fairman, Mr. Sanspiper of Dallas, a guest of Mr. Fairman, J. T. S. Park, D. X. Bible, Mayor Tyler Haswell, Jno. M. Lawrence, C. S. Beckwith and Lee J. Rountree.

## LIGHTNING STRIKES WIRES AT H. & T. C. DEPOT HERE

Lightning struck the H. & T. C. Depot Wednesday night at about 9 o'clock, setting the whole system of telegraph and telephone wires on fire for an instant. The wires were burnt into a twisted mass, according to men stationed in the tower on the H. & T. C. tracks south of the station. The fire lasted but an instant, according to reports, then dying out.

## BRAZOS COUNTY TAXES

County Assessor Jim Darwin has received some instructions from State Comptroller Lon A. Smith, of Austin, regarding the assessment of property in Brazos county which will be published in the Eagle tomorrow for the guidance of property owners.

## Major W. R. Cavitt is reported very ill with an attack of flu.

**HAPPY FAMILY REUNION**

The children and grandchildren of Mr. and Mrs. J. W. Cloud of Kurten assembled at their home Sunday morning for the celebration of Mr. Cloud's 83rd birthday. It was a happy family reunion and the day a most joyous one for all present. The older ones spent the time in reminiscences of early days in Brazos County and the many interesting events that have transpired in the county and particularly in the Kurten community as the years have come and gone. The younger folk and the children played games and enjoyed story telling. At the noon hour a splendid dinner was served. Mr. Cloud is a native of the state of Georgia and came to Brazos County in 1865 immediately following the close of the Civil War in which he played a valiant part battling for the Confederacy. He has been one of the country's honorable and sturdy citizens and reared a family of noble sons and daughters. His good wife is still spared to her husband and children, and together they enjoyed the happy reunion of their loving children and grandchildren at the old home. Those present for this pleasant day were: Mr. and Mrs. Tom A. Cloud, Bryan; Mr. and Mrs. J. P. Gilpin and family, Kurten; Mr. and Mrs. Z. L. Jones and family, Reliance; Mr. and Mrs. R. B. Hearne and family, Kurten; Mr. and Mrs. C. F. Bullock, Brazos Bottom; Mrs. John H. Jones, Reliance.

**FIFTEEN NEGROES TAKEN IN AN INTERESTING GAME**

About fifteen negroes were captured by Sheriff L. E. Morehead and Deputy Sheriff H. T. Wheelock Sunday night near College, when an exciting game, alleged to have been "black jack" was interrupted. The case promises to become an interesting one in the court it is said.

**IS FOR TOM CONNALLY**

**DAMAGE TO KOPPE BRIDGE**

County Judge H. O. Ferguson was notified Thursday afternoon that the approach to the Koppe bridge over the Brazos River on the Burleson County side went down in the flood. The head wall on the Burleson County side had been in a failing condition for some time and could not stand the flood pressure.

**RAINFALL AT NAVASOTA**

(Navasota Examiner-Review)

J. M. Ackerman says that his instruments show about two and three-quarter inches of rain has fallen here today, bringing the total rainfall since Saturday up to six and one-half inches. The river, which was falling yesterday, has arisen about a foot and a half since this morning.

**QUANTITY OF CATTLE DIP BEING UNLOADED NOW.**

A large quantity of cattle dip in five-gallon cans is now being unloaded at the H. & T. C. depot for use in Brazos County. Dipping of cattle to rid them of ticks is now going on as per state livestock requirements.

Read Eagle advertisements.

## BRYAN EAGLE PRINTS 3,300 COPIES OF THE PAPER ON THURSDAY

On Thursday, March 30, the Bryan Daily and Weekly printed and mailed 3,300 copies of the paper. There are only 3,800 poll taxes paid in Brazos County and about 1,600 of these are paid by women. The Eagle is covering the trade territory like a blanket and the citizen of Bryan and Brazos County who does not read the Daily or Weekly Eagle is the loser. The Eagle is putting every dollar it makes into the business. Not only that it is publishing a newspaper equal to any town of 5,000 people in Texas and carries more reading matter of a high class than any newspaper published in a town the size of Bryan. It takes labor, time and money to print a newspaper. The Eagle's class and it is deserving the support and patronage of all. Let's go.

## SHERIFF MOREHEAD MADE GREAT RECORD IN INGOLDSLEY CASE

Sheriff L. E. Morehead returned Thursday night from San Antonio and had in custody Dr. J. G. V. Ingoldsley alias G. W. Boyd alias Edwin E. Moore alias John G. Wilson and several other aliases. Sheriff Morehead went from Houston to San Antonio where he had secured the arrest of Ingoldsley on charges of bigamy and swindling the warrants having been issued in Brazos County. When he arrived in San Antonio he found Ingoldsley in the county jail and Sheriff Fisher of Nebraska City, was claiming the prisoner. It is alleged in printed circulars that Ingoldsley had served three terms in the state penitentiary of Illinois. Sheriff Morehead stated there are criminal charges involving theft of automobiles, forgery, swindling and bigamy pending in Madison, Harris, Leon, Brazos and other counties. He is also wanted in Oklahoma, Nebraska and California on various charges. After quite an exchange of messages Sheriff Morehead was able to secure his man at San Antonio and bring him safely to Bryan. He received the following telegram from Sheriff Fisher, Nebraska City, Nebraska, this morning: "Hold J. G. V. Ingoldsley for us if you cannot secure a conviction. We have many charges against him." Boyd or Ingoldsley is being held in the county jail to await the action of the Brazos County grand jury. Sheriff Morehead is to be congratulated on his good work in having him arrested and holding him after so many demands were made for Ingoldsley.

**LITTLE MISS DAVIS HAS BIRTHDAY PARTY SATURDAY**

Little Miss Lelia Law Davis, daughter of Judge and Mrs. W. C. Davis, celebrated her twelfth birthday at the home of her parents Saturday afternoon. Her guests were the children of the neighborhood.

**BRYAN AND HEARNE AFTER OIL FIELDS**

(Mexia Daily News)

Col. J. H. Park, one of Mexia's esteemed and old time citizens, a man who has a creditable part in the performances of the past and present history of this section of Limestone county, returned yesterday from Bryan and Hearne where he had spent several days visiting relatives. While at Bryan he was a guest of his brother, P. S. Park, who is also well known here having been a citizen here many years before going to Bryan. While at Hearne he visited his nieces, Mrs. W. H. Davison, Mrs. John Welch and Miss Pearl Smith. He reports heavy rains in that section with all streams up and the farmers well pleased with the splendid season in the ground. He says that much interest exists in the oil situation around both Bryan and Hearne, and there is a confident feeling of expectancy that some of the tests now going down will be successful in penetrating pools of liquid riches to enrich that part of Texas and this as well. One test was made in the Brazos Bottom, one at Wixon Lake and on the Brazos and Robertson line near Wheelock is being made.

**FINE HORSES WILL BE EXHIBITED IN BRYAN**

W. L. Strangel of the Animal Husbandry department of A. & M. College, states that he will have an exhibition on the Main Street of Bryan Saturday, April 8 at 2:30 o'clock. In the exhibition will be Pat Murphy, Red Oak, Flowerdale and Owenton, all stallions with high records. The jack, Captain, will also be on exhibition next Saturday. Every horseman in Brazos County or those interested should witness this exhibition.

To the Teachers, Trustees and School Patrons of Brazos County: We are especially indebted to the teachers, school authorities and patrons of the various schools of the county for their loyal support and cooperation in the school session that is drawing to a close. Let each of us do his very best to carry out the long time educational program which was put on by the teachers at the institute. The rural schools are by no means what they ought to be and if every one will do his bit, working together as a unit, we shall soon be able to see an improvement in our school conditions. We are expecting to continue the educational campaign throughout the vacation months.

Our state superintendent informs us that if some special provisions are not made real soon that the state per capita apportionment for 1922-23 will be \$10.00. Every thinking business person knows that this will be a detriment to our rural schools. It will throw our educational system into a perilous condition. If this apportionment is cut lower we will have to retrench in our educational matters. It is not the policy of our state government to retrench in an economic, business and governmental affairs, although we are in a financial crisis; neither should it be our policy to let the training and education of our children suffer. It develops itself then upon those who are most interested in education to champion this cause and put it over the top. And why should not every one be interested in this cause?

At a recent meeting of our educational committee the following plan was decided upon: First there is to be an educational rally held in every school community in the county. Second at these meetings the people are to be asked to sign a petition to Governor Neff asking him to pursue some course that will save the schools of the state for the coming school year. Third, this petition with these names signed, is to be sent to Governor Neff. We fully believe that this action upon the part of the people will get results. There are a number of books that have been added to the professional library at the Carnegie Library. We are under obligations to the board of directors and to the librarian of the Carnegie Library for their kindness in handling these books for the teachers. We are also grateful to these people for an effort to extend the privileges of the Carnegie Library to the rural people. Teachers should not fail to use these books.

Our education committee also decided on having a county school fair and picnic at College, April 28th. May we count on all the teachers being there and having as many of their children there as possible. Each school will be expected to have the following on exhibit: First, all the children present if possible. Second, exhibits of work on arithmetic, grammar, geography, history, themes, devices in teaching primary, intermediate and high school grades, domestic science and arts, vocational agriculture and any other things that pertain to our educational system. Third, a dinner basket well filled. Although most of the schools will be out thus will it be possible for us to have this school fair. Let us all do our best to put it over. All working together will put it over the top for our schools.

In looking back over our school program for the present year, we find ourselves obligated to many outside people who have been very helpful to us in many ways, in carrying out our school program. We are made to feel kindly toward the people and business men of Bryan because of the material and moral support that they gave us in putting on the educational parade in Bryan last fall. Especially are we indebted to Mrs. W. S. Howell, Mrs. Lizzie Brock and Mrs. Egbert Jones for their untiring efforts in soliciting contributions for the financial support of this parade. And may we say that a new day is coming to the educational system of Brazos county through the efforts of the Red Cross nobly directed by Mrs. A. J. Buchanan and her efficient staff of Red Cross workers. We are proud to say that Brazos county has one of the most efficient Red Cross nurses in Texas. We are expecting in the future to call on the Red Cross for help very often. Miss Crosse, the Red Cross nurse has already visited a number of schools, and all are delighted with her service rendered the schools. We consider that we are extremely fortunate

## CREEKS OF COUNTY SWOLLEN WITH RAINS OF LAST FOUR DAYS

Rains which fell within the past four days have swelled adjacent rivers and creeks, many of them out of their banks, but there is small danger of much damage from floods to plantations in Brazos County, it is said. The Little River is out of its banks at Cameron and the Little Brazos River south of Hearne began to run over its banks Wednesday afternoon at 4 to 5 o'clock and is now over them. The Big Brazos is said to be rising at the rate of one foot an hour but it is thought that care can be taken of this extra water. Another report said today that the Big Brazos was falling at Waco. The rainfall in the past few days in Brazos county has been about 6 inches.

All creeks through Brazos county are up and roaring, the highest in several years. Tributaries of these are also full. If any damage in this county it will come from the Little Brazos River, said observers who have watched the rise and fall of floods in this vicinity every spring for years. "Unless we have rains as heavy as those which fell last September we need not fear much of an inundation," said Mr. John M. Lawrence, president of the Lawrence Grocery Company, Thursday at noon.

**OLD SETTLER TELLS OF OLD DAYS WHEN BRYAN "GOT MUDDY"**

The good rain which fell in Bryan early Wednesday morning may remind many old settlers of the city and of Brazos County that it was only a few years ago that teams bogged up in the mud on Main Street of Bryan when it rained heavily. "I remember distinctly it was 20 to 25 years ago when it was a common sight to see a farm wagon drawn by two horses would 'get stuck' in the mud on Main Street," said Mr. M. R. Phillips, 74 years "young", who has resided in this city for over 25 years. "On a day like this with the ground soaking wet the planters from the Brazos bottom plantations used to be forced to unload their wagons, coming from Bryan with supplies, reload the stuff on mules and get it home mule-back, leaving their wagons axle-deep in the mud."

"The people of this day can hardly appreciate what a blessing good gravel roads are," he said. "The coming of the automobile has wrought wonders for the farmers; has done more for them than for anyone else, I believe. You can hardly find a farmer nowadays who has no automobile. Why, I can remember when we used to plow in Brazos county all day with one ox. We used to haul cotton to Bryan with a yoke of oxen and cover only twelve miles a day. The times are growing quicker and motorists think nothing of covering 70 and 100 miles in one day. Those were the happy days!"

The city of Bryan has about four and one-half miles of paved streets at present, of the 40 miles of streets within the city limits. The first paved street was Main Street first paved in 1913, followed by the paving of the side streets leading to it. There are many stretches of good road leading out from Bryan. Approximately 70 miles of graveled turnpike radiate from this city on ten county roads.

**FREIGHT RATES HIGH IN SHIPPING ROAD GRAVEL**

If there are any citizens of Bryan who think that all the talk about railroads charging "high" freight rates is "bunk" let them read this. Thirty-three yards of gravel to be used on Brazos County roads was shipped from Hearne to Bryan Junction this week, a distance of about ten miles. The freight bill was \$32.34 and the gravel was worth only \$57.75.

**PUBLICITY CHAIRMAN**

Mrs. J. C. Reynolds, of Port Arthur, president of the Fourth District Federation of Women Clubs, has appointed Mrs. Lee J. Rountree publicity chairman for the meeting of the Federation to be held at College Station on April 6 to 8. The program of this important meeting will appear in a few days in the newspapers.

In being where we can call on the A. and M. College for help. We are grateful to the Rural Science and Extension department for their noble service which they have rendered us during this year.

We would not fail to make mention of the valuable service the Bryan Eagle has performed in putting over our educational program. This paper has not failed to function as an educational factor in our midst. We also want to let our editor and Representative Lee J. Rountree know that we appreciate his loyal devotion to the rural school, and that we admire his courage in making the fight in the Legislature and in the Bryan Eagle for education in Texas. I am yours in service.

County Supt. of Brazos Co.

## J. G. LOUDDER BUYS 3 CARS BRAZOS CATTLE

J. G. Loudder of Miles, 18 miles from San Angelo, has been in Bryan the past week and has bought three carloads of Brazos county cattle for shipment to the Fort Worth market. Mr. Loudder said Tuesday that if he could not sell the cattle at his own price at Fort Worth he would ship them to Stevens county for grass. He intended sending the stuff to Kansas City but since the Oklahoma cattle authorities have placed a ban on Texas cattle no cattle have been able to pass the Texas line. ## BRYAN ROTARY CLUB HEARS DELEGATION FROM STATE MEETING

The Bryan Rotary Club at Wednesday noon with Rotarian M. L. Parker presiding heard a report from the State Rotary meeting just closed at Mineral Wells. Among the speakers were President T. K. Lawrence, Prof. R. O. Allen and Rev. S. Moylon Bird who declared that the meeting was a splendid one and that about 1,000 Rotarians were in Mineral Wells Monday and Tuesday and that it was the purpose of the Bryan Rotary Club to take the famous Aggie band next year to the state meeting at Beaumont. Prof. Allen, Rev. Bird and Mr. Lawrence were loud in their praises of the hospitable treatment at Mineral Wells and the speakers declared real Rotarians were always ready to do the right thing toward their fellowman and to aid in putting over worthy activities.

Rotarian Parker called on Dr. B. U. Sims, who said he was glad to be a Rotarian and would always appreciate his election to membership in the Bryan Rotary. Coach D. X. Bible, who had just returned from New York where he attended the conference of Athletic Coaches of the United States, had a word of cheer for the sport lovers for the coming football season.

Those present at the Rotary luncheon were: President T. K. Lawrence, Secretary Oak McKenzie, Travis B. Bryan, Dr. B. U. Sims, Dr. Ernest Moore, Rev. S. Moylan Bird, C. Sam Parker, Sam E. # BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason

The Tabor Boys' and Girls' "Victory" agricultural club will give an entertainment at the Tabor high school on next Friday night. An effort will be made to have present at the entertainment the Bryan Junior band. Professor E. C. Martin, teacher in vocational agriculture, and leader of the Tabor club and Secretary S. E. Eberstadt will be the directors of the entertainment. A good time is promised all who attend.

Appreciating the splendid poultry report sent in last week by Ezra Bozeman, club member of the Tabor club, Mr. J. F. Oates, proprietor of the Dodge automobile agency, Bryan, has written Ezra stating that he is sending him, with his compliments, a setting of S. C. White Leghorn eggs valued at \$7.50. This in another evidence of appreciation for boys' and girls' club activities. Somebody always ready and anxious to help deserving boys and girls, and there is no better place to find out the deserving ones than in the club work. Last year Mr. R. Q. Astin, president of the Brazos County Livestock Association, sent the "Shorthorn World" to all the Shorthorn club members in the county for one year, and Mr. J. Webb Howell, president of the Bryan Cotton Oil Company, sent the "Boys and Girls Club Leader" to all the club members in the county for one year. The business and professional men of Bryan sent the Weekly Eagle to all the club members of the county for four months. All such things are vital steps in the education of our boys and girls, the men and women of a great tomorrow, and already the harvest is in evidence. The greatest club interest is being manifested throughout the county among the eight organized clubs with a membership totaling almost 250. These boys and girls and "rearing" to go. All are after Tabor and Tabor determined to lead or bust.

Last year when the Bryan Hatchery began operation of the 5,000 eggs used to start on, 3,000 had to come from Smith county. This year Brazos county eggs of the finest kind are running the 20,000 capacity incubator over all the time. Brazos county is fast becoming a poultry center, and in the near future we hope to be shipping baby chicks out by the car load and eggs by the train load. Boost the poultry business. All business will profit by it.

What has become of that move to put 100 standard bred poultry on 100 Brazos county farms? It is said that the first chapter of Genesis is read more than all others in the Bible, owing to New Year's resolutions.

Professors Glazener and Wilcox-teachers in the consolidated school at College, Prof. J. H. Kraft, teacher of vocational education, College and County Agent C. L. Beason took lunch with the boys and girls club at the College consolidated school Monday. It was a delightful luncheon, consisting of sandwiches, ham and eggs, pies, cakes, fruits, pickles, etc. A cake cutting contest was an interesting feature of the hour. County Agent Beason had slipped a "devil cake" from his wife's kitchen and placed it before the club, saying that it contained a silver dime and the one who could cut it out might be assured of "good luck" in the years to come. Lucile Rosprim was given first chance and then all the other girls tried. Mary Beth Mitchell, yell leader and club reporter, said she had swallowed something that scratched her throat, and when all the boys had tried without finding any dime it was feared Mary Beth had really gotten away with the dime. Mr. Glazener was asked to try his hand, whereupon his slice of cake revealed the dime, the token of "good luck" for the years to come. Some of the girls sighed as if wondering what timing of "luck" would be borne to them.

Mr. C. L. Davis, State Director, Vocational Agriculture, Austin, Mr. J. H. Kraft, College, Mr. E. R. Alexander, teacher vocational agriculture at Smetana, Steep Hollow and Leonard schools, and County Agent Beason attended the social meeting of the Smetana boys and girls club Monday night. Club yells, songs, candy breaking, and a few short talks made up the program of the evening. Willie Merka, the yell leader, is getting his club in fine shape for any yell contest he may encounter. Prof. Haisler, the club leader is already happy over the outlook for the Smetana club, now tying with the Tabor club in membership and one ahead in the number of projects. Smetana club was told that Mr. C. L. Chambers, club specialist, Washington, D. C., would likely visit that club on his visit to the county during the first part of May. The schedule will be announced later.

Last week following the heavy rains, Thurston Etheridge, club member on Route No. 5, went into his corn field and ditched off the water which was standing on his corn, thus likely saving the stand of corn and making possible a better yield.

The recent heavy rains may have

"After Seeing How Tanlac Restored My Wife I Don't Wonder That People Praise It So Much," Declares Texan.

"When I look at my wife and see her the picture of health and feeling so bright and cheerful I am not surprised so many people praise Tanlac. In my opinion nothing is too good to be said about it," said J. D. Givens, a cotton farmer living five miles out of Dallas on Route 1, Station A. "My wife was afraid to eat anything but milk, eggs and cereals and even then she suffered for hours at times from chronic indigestion and stomach trouble. Fifteen years ago this awful trouble set in and since then there had been mighty few meals she was able to enjoy, but now since taking Tanlac she has a splendid appetite and her digestion seems to be perfect.

"Tanlac has benefited her in every way. She sleeps better and is stronger and in better spirits than in years. I think Tanlac would have been cheap at a hundred times the cost."

Tanlac is sold in Bryan by N. A. Stewart and all leading druggists. (Advertisement).

Mr. and Mrs. H. R. Brayton are now occupying their new bungalow home on East 27th Street which has just been completed. This home is a modern bungalow home, complete in every detail and is quite an addition to the town.

Bernard Bone of Dallas, formerly an instructor in the Civil Engineering department of A. & M. College spent Sunday in Bryan, a guest of friends. Messrs. J. W. Batts and C. A. Harris left Monday for Brenham on business for the Automatic Shoe Polishing Company.

Mrs. L. F. Reed of Brenham and Mrs. Augusta Jones of Houston will be guests of Mrs. J. T. Hanway during the fourth district club meeting this week. Mrs. Reed is a delegate from the Fortnightly Club of Brenham and Mrs. Jones a delegate from the Houston Art League Club.

damaged the stand of corn, and in some instances it may have been destroyed, but, if so, it is not yet too late to plant feed crops, and more feed crops. We need to give more attention to feed crops. One feed store in Bryan is said to have sold fifty cars of Maize up to the first of April.

N. A. Stewart, one of the leading druggists of Bryan, is also a booster for better poultry. As evidence of the kind he raises, a pen of 14 Barred Rock pullets layed 274 eggs during March.

Club members and farmers as well as to that matter, should see that no cotton seed for planting purposes are wasted now, since it is evident that planting seed will be scarce. See that a good seed bed is prepared, thus aiding the stand and saving the seed.

The Southern Ruralist, April 1, states the following: "It will be recalled that we stated in our poultry number that if the average in the South had a flock of fifty hens and that if these fifty hens should produce eggs to the number of the national average—70-eggs per hen, that such production within itself would add \$105.24 to the annual income of these average farms, or a total of \$336,318,311.56." Make this application to the three thousand farms in Brazos county and figure what an increased business we would have.

Mr. Wilson Bradley's idea of safe farming is to raise all the food and feed stuffs needed on the farm and then raise all the cotton that can be produced. That is good philosophy and plain common sense. We need to try it on in Brazos county.
